### Anthony J. Comerota, MD, FACS, FACC, Director of the Jobst Vascular Institute at ProMedica Toledo Hospital, Toledo, Ohio Joins Expert Medical Navigation's Board of Directors

---

**NEW YORK, NY: November 4, 2014:** Ibrahim Eid, MD, founder and chief medical officer for Expert Medical Navigation announced that Anthony J. Comerota, MD, FACS, FACC, Director of the Jobst Vascular Institute, at ProMedica Toledo Hospital, (Toledo, Ohio) and Adjunct Professor of Surgery at the University of Michigan, has joined Expert Medical Navigation's board of directors.

Dr. Comerota received his medical degree from Temple University School of Medicine in Philadelphia, PA, and completed his general surgery residency at Temple University Hospital and his vascular surgery fellowship at Good Samaritan Hospital, Cincinnati, OH.

Dr. Comerota returned to the Temple University Health Sciences Center as a faculty member where he became Chief of Vascular Surgery, Professor of Surgery, Program Director in General and Vascular Surgery, President of the Medical Staff and President of the Medical Alumni Association. In 2002, Dr. Comerota accepted his present position.

Dr. Eid notes, "As an international and major contributor to the development of some of the newest forms of treatment for vascular disease, Dr. Comerota has been the principal investigator of seven major national trials and a co-investigator of numerous others. His research interests span a broad range of arterial and venous disorders, including the management of acute DVT, therapeutic angiogenesis, noninvasive diagnosis of vascular disease, development of new devices, new drug development, and the effects of platelet-inhibiting drugs. He has received over \$5 million in research funding, including support from NIH, the American Heart Association and the American Diabetes Association."

As a member of 20 professional societies, Dr. Comerota has served as president of four major societies. He sits on the editorial boards of Vascular and Endovascular Surgery and Annals of Vascular Surgery, and is a reviewer for 17 other journals, including The New England Journal of Medicine. He has Dr. written or edited 7 textbooks and authored more than 300 publications.

Dr. Comerota is a member of the Alpha Omega Alpha Honorary Society, Honorary Fellow of the Royal Australasian College of Surgeons, the Japanese Society of Phlebology, and the European Venous Forum. He has received the Alumni Merit Award from Millikin University and been named to Who's Who in America and Best Doctors in America.

***About Expert Medical Navigation:*** Expert Medical Navigation provides a sophisticated and intelligent proprietary technology platform designed for patients, physicians and corporations. Patients are able to access relevant and accurate medical information about their diagnosis along with evidenced based data to help them make the right decision about their treatment with confidence. Physicians and medical specialists can achieve meeting the Meaningful Use Measures for provision of education to help improve quality, safety, efficiency, reduce health disparities, engage patients and their families to be a part of the decision making process, achieve better clinical and population health outcomes and boost their

income. Employers of small and large corporations benefit as well when they enroll their employees into the EMN platform. This insures that employees return to work healthy with a minimal amount of loss in time.
